THANK YOU!

**Expressing our gratitude for
your support of paramedics
and ambulance officers.**

The Australasian Council of Ambulance Unions (ACAU) is the representative body for paramedics, ambulance officers and members from related fields. Our aim is to raise the status and advance the interests of the profession of ambulance-related services and represent the views and concerns of members.

Ambulance Active is distributed to members in electronic magazine format. It is an essential communication tool for our organisation and your support is greatly appreciated. A special mention must go to our official publishers Countrywide Austral, who help us to put each edition together.

Once again, many thanks.

IT'S **NOT** OK TO ASSAULT AN EMERGENCY SERVICE OFFICER
