VOLUNTEERS ACROSS THE WHOLE STATE

THANK YOU!

Expressing our gratitude for your support of NSWSESVA and The Volunteer Magazine.

The NSWSESVA is the representative body for the volunteers of the New South Wales State Emergency Service. The Volunteer Magazine is distributed to members in both hardcopy and electronic magazine formats and contains a variety of information including rescue and lifesaving workshops, bushfire protection, water safety and road accident rescue.

Services provided by the NSWSESVA include the provision of a Volunteers Association Welfare Fund, Unit Grants and personal scholarships, plus other support funding schemes.

The Volunteer Magazine is an essential communication for our organisation and your support is greatly appreciated. A special mention must go to our official publishers Countrywide Austral, who help us to put each edition together. Once again, many thanks.
